

## Our Local Control Accountability Plan (LCAP)

Part 1 of 6

### What is the LCAP?

**LCAP**  
LOCAL CONTROL ACCOUNTABILITY PLAN

A school's Local Control Accountability Plan (LCAP) describes how state funding will be used to meet local and state priorities for education, which include the following.

#### State Priorities

- Employing fully credentialed teachers, providing standards-aligned materials, and maintaining school facilities in good repair,
- Implementing academic, performance, and English language development standards
- Providing students access to a broad course of study
- Performing well on standardized tests, becoming college and career ready, & becoming proficient in English
- Meeting high school graduation requirements and achieving other measures of student success
- Involving parents in decision-making and promoting parent participation in programs for low income students, students in foster care, and English learners
- Improving attendance and graduation rates, while decreasing truancy and dropout rates
- Increasing school safety and connectedness, and decreasing suspensions and expulsions

To achieve these priorities, schools are allocated funds through the State's school funding model, called the Local Control Funding Formula (LCFF). Each year, schools estimate the funding they will receive over the next three years, and then develop their local control accountability plans.

## Learning for Life Charter School 2018-19 Special Report

Community input is an important part of the planning process. This special report describes the LCAP approved by our Board of Directors for the 2018-19, so that you can be informed as we ask for your input on revisions we should make for the 2019-20 school year.

---

### What funds were allocated to LFLCS?

The state and local funding allocated for LFLCS as calculated in July, 2018, was **\$1,456,641**.

In our 2018-19 Plan, we allocated this funding toward meeting 2 goals.

Goal 1: Provide a safe, well-equipped, healthy learning environment within a supportive community.

**Funds allocated to this goal: \$491,251**

Goal 2: Optimize curriculum and instruction for independent study by at-risk youth.

**Funds allocated to this goal: \$965,390**
